SUBJECT INDEX

AIDS
attitudes, behaviour, education, knowledge 171
condom use, sex workers, qualitative study, Singapore 57
education, school health education, innovation, teacher 485
HIV, rural–urban mobility, southwestern Nigeria 507
KABP, primary school children, Tanzania 133
prevention, low-income women, drop-in center, New York City 119
risk-taking behaviors, adolescent mothers 449

Alcohol
alcohol consumption, adolescent drinking patterns, social context 13
alcohol use, drug prevention, behavioural change, habit change, stages 37
binge drinking, adults, Wales 497
health behaviour, alcohol, sexual behaviour, sensation seeking, Norwegian adolescents 193
social marketing, recruitment, program design, program planning 375

Breast cancer
breast self-examination, early detection, BSE beliefs, BSE behaviors 343
detection practices, public health clinics, black women 331

Breast self-examination
breast cancer, early detection, BSE beliefs, BSE behaviors 343

Cervical cancer screening
cancer, abnormal cervical smears, Forsyth County Cervical Cancer Prevention Project II, North Carolina 421

Cancer
cervical cancer screening, abnormal cervical smears, Forsyth County Cervical Cancer Prevention Project II, North Carolina 421
cervical cancer screening, black women, Forsyth County Cervical Cancer Prevention Project I, North Carolina 411

Cancer prevention
low SES teachers, cardiovascular risk 183

Cardiovascular disease
health policy, evaluation, participation, prevention 317

Cardiovascular risk
cancer prevention, low SES teachers 183

Cervical cancer screening
cancer, black women, Forsyth County Cervical Cancer Prevention Project I, North Carolina 411

Childhood injury
safety hazards, residential hazards, risk perceptions, parenting behaviors, stress and coping 307

Condom use
AIDS, sex workers, qualitative study, Singapore 57

Dental health
promotion campaign, shopping centre, UK 261

Diet
survey, fruit, vegetables, West of Scotland 297

Dietary fat consumption
preliminary evaluation, Prochaska's transtheoretical model 85

Drug prevention
alcohol use, behavioural change, habit change, stages 37

Education
AIDS, school health education, innovation, teacher 485

Health behaviour
smoking, alcohol, sexual behaviour, sensation seeking, Norwegian adolescents 193

Health beliefs
heart disease prevention, blue collar workers, behaviour change 95

Health education
empowerment education, dialogue education, qualitative research, minority education, adolescent prevention 105
health policy, research 519
principles, empowerment 527
smoking, prevention, social influence approach, vocational schools 365
theories, models 397
theory, research, practice, relationship 273
tobacco use prevention, health facilitators, adolescents 225

Health measurement
locus of control, expectations, desires 145

Health policy
cardiovascular disease, evaluation, participation, prevention 317
health education, research 519

Health project
Minnesota Heart Health Program, community ownership, CVD prevention 243

Health promotion
community, intervention, maintenance, capacity-building 385
lifestyle survey, Trent Health 285

Health promotion programs
evaluation strategies, cardiovascular disease community research, demonstration studies 23

Health surveys
epidemiologic methods, interviews, questionnaires, survey methods, telephone surveys 535

Heart disease prevention
health beliefs, blue collar workers, behaviour change 95

HIV
AIDS, rural–urban mobility, southwestern Nigeria 507
perception of risk, inmates, prisons 47

Illness causation
smoking, inner London, Turkish, white British 355

Injury-related behaviours
risk-seeking, safety-seeking, adolescents, Norway 465

Malaria
quality of data, pile sort technique, Nigeria 257

Safety education
injury control, parental safety measures, pre-school children 201

Safety hazards
childhood injury, residential hazards, risk perceptions, parenting behaviors, stress and coping 307

Seat belts
intention to use, young adolescents 215

Sex education
secondary schools, problems, barriers, needs 473

Sexual behaviour
health behaviour, alcohol, sexual behaviour, sensation seeking, Norwegian adolescents 193
Sickle cell disease
patient education, health care professionals 235
Skin cancer
protective behavior, role of age, Health Belief Model (HBM) 433
Smoking
cessation, tailored, older adult 69
education, knowledge, beliefs 139
health behaviour, alcohol, sexual behaviour, sensation seeking, Norwegian adolescents 193
health education, prevention, social influence approach, vocational schools 365
illness causation, inner London, Turkish, white British 355
Tobacco use prevention
health education, health facilitators, adolescents 225
Tuberculosis
reactive effects, design, bias, methods 153
